

Step 1 : I connect to Projektor and I choose my template project to make a copy.

Step 2 : I choose a project type in this case : « DeProj – projet Simplifié ».

Step 3 : after the copy the result is :

I can't see the project details.

When I connect with the admin, the project is visible.

The screenshot shows the ProjecQOR interface with the project details for 'MODELE IFCE' (ID: 339). The interface is in French and includes a navigation menu at the top with options like 'Projets', 'Activités', 'Planning', 'Ressources', 'Documents', 'Accès aux données', 'Modes d'accès', and 'Profil'. The main content area is divided into several sections: 'Description' (with fields for name, tags, type, organization, etc.), 'Affectations' (with tables for resources, contacts, and users), and 'Traitement' (with fields for state, strategic value, risk level, etc.). The project is currently in the 'ENREGISTRÉ' state.

The definition of the « DeProj – Projet Simplifié » is :

The screenshot shows the ProjecQOR interface with the definition of the 'DeProj - Projet Simplifié' project type (ID: 223). The interface is in French and includes a navigation menu at the top. The main content area is divided into several sections: 'Description' (with fields for name, code, workflow, etc.), 'Comportement' (with checkboxes for various behaviors like 'obligatoire', 'en cours', etc.), and 'Restriction des types' (with a checkbox for 'restreindre les types'). The project type is currently in the 'ENREGISTRÉ' state.
