The screenshot shows the Project'Or RIA DEMO web application. The browser address bar shows <https://demo.projektor.org/view/main.php>. The application has a menu bar with options like 'Fichier', 'Edition', 'Affichage', 'Favoris', and 'Outils'. Below the menu bar, there is a navigation pane on the left with a tree view showing 'Travail' and its sub-items. The main content area displays a table of activities. The table has columns for 'id', 'projet', 'type d'activité', 'wbs', 'nom', 'échéance validée', 'échéance planifiée', 'état', 'avance', 'version cible', 'responsable', 'pris en charg', 'fait', and 'clos'. The table contains three rows of activity data. Below the table, there is a message bar that says 'Aucune modification à sauver pour l'élément Activité #110'. Below the message bar, there is a form for editing an activity. The form fields are: 'nom' (Cannot delete test), 'type d'activité' (Task), 'projet' (ABC_vente), 'référence externe', 'demandeur', and 'origine' (+). Below the form, there is a rich text editor with a toolbar containing various text formatting and editing tools. The bottom status bar shows 'Déconnexion', 'gestionnaire', 'Cacher le menu', 'Afficher mode basculant', 'Project'Or RIA DEMO', and 'ProjeQtOr V5.5.0'.
